

NAMRA MAHAK

Newcastle Upon Tyne, UK | +44 07552660019 | mahaknamra@gmail.com | [Github](#) | [LinkedIn](#)

Front-End Developer with a background in architecture, blending design and technology to create seamless user experiences. Skilled in React, JavaScript, Tailwind and Node.js, with experience in automating design workflows and building scalable web applications. Passionate about crafting responsive interfaces and optimizing performance. Thrive in Agile environments, solving complex problems through innovation and collaboration.

EXPERIENCE

Frontend Developer | Merit | Newcastle Upon Tyne, UK

August 2023 – Present

- **Developed** a web application using **Autodesk Platform Services** to enhance and automate design and manufacturing workflows.
- **Built** custom **Revit plugins** to streamline design processes, improving efficiency across multiple projects.
- **Implemented Power BI** to create interactive dashboards and track KPIs, reducing project time by **20%**.
- **Leveraged Power Automate** to develop task flows in **Microsoft Planner**, enhancing team collaboration and task management.
- **Collaborated** with cross-functional teams in an **Agile** environment to deliver high-quality web applications using **Node.js** and **JavaScript**.
- **Developing** a **React** application that visualizes **real-time digital twin data** from **Azure**, enabling better decision-making and operational insights.

Senior Designer | Zeppelin Design and Environments | India

October 2020 – September 2022

- Led design and execution of commercial, hospitality, and retail projects, ensuring high-quality outcomes for clients such as Jaquar and Kampai.
- Streamlined processes, optimized construction documentation, and collaborated with teams to enhance efficiency and project delivery.

Architect | Sconce Global | India

September 2019 – October 2020

- Worked on conceptual design, client presentations, and coordination for projects with clients like Honeywell, Schlumberger, and NIMHANS, designing exhibition booths and sets for major events like Auto Expo and Def Expo.

TECHNICAL SKILLS

- **Frontend Development:** React.js, React-Redux, React Router, React Hooks, Axios, Tailwind CSS, Sass, Material-UI, GraphQL.
- **Core Technologies:** JavaScript (ES6+), JSX, HTML5, CSS3, C#, Node.js.
- **Tools & Platform:** GitHub, Azure DevOps, Postman, CI/CD, Firebase, Docker, Power Automate, Power BI.
- **Design & Testing:** SEO, Responsive Web Design, GUI, Unit Testing, Debugging, Performance Optimization, Bug Tracking.

EDUCATION AND CERTIFICATIONS

- **BIM Project Management** | Queens University, Belfast, UK
- **Bachelor of Architecture** | Jamia Millia Islamia University, India
- Certified in **ReactJS for Frontend Development and GraphQL with React for Web Development**
